

## **SAILORS' SUB-COMMITTEE NOMINATION FORM**

The Sailors' Sub-Committee is the way in which the British International 420 Class Association is able to hear and understand the ideas and wishes of the sailors. The Sailors' Representative, who chairs the meetings of the Sailors' Sub-Committee sits on the National Management Committee and so it is a very important way for the Committee to find out what you are thinking about the class and its events.

Any Full Member of the British International 420 Class Association can become a member of the Sailors' Sub-Committee. If you would like to be on the Sailors' Sub-Committee then you need to complete this form in full and hand it in to the President (or ask a member of the National Management Committee to give it to the President for you.) If you complete the form correctly then you will be automatically elected to the Sailors' Sub-Committee for the next year.

As a member of the Sailors' Sub-Committee you will have a responsibility to represent the other members of the class, so it is something you should take seriously. There will be meetings you have to attend. If you have any questions about being on the Sailors' Sub-Committee then just talk to one of the current members or one of the National Management Committee.
